

DYNAMIC TRACKLESS AGV DARK RIDE

Gone are the days of being bound by tracks or rails. The DYNAMIC TRACKLESS AGV DARK RIDE can follow any path and take you anywhere your story demands. With the ability to navigate autonomously in an open arena setting without being tethered to a track or facility gives us the ability to have multiple vehicles in the same space interacting with the environment and each other. Dynamic's easy to theme and customizable vehicles can fit any storyline and offer a fun and captivating ride for the entire family.
